

2008 - Apogee, Mating Disruption

2008 Fruit Advisories

September 23

Codling Moth, Pearleaf and Appleleaf Blister Mites
codling moth, pearleaf and appleleaf blister mites, pear psylla, fire blight, coryneum blight,
degree days, spray timing, spray recommendations

September 10

Apple Maladies
codling moth, apple maladies, degree days, spray timing, spray recommendations

August 28

Bacterial Canker
codling moth, white apple leafhopper, bacterial canker, spider mites, degree days, spray timing,
spray recommendations

August 20

Phytophthora Crown and Collar Rot
codling moth, San Jose scale, greater peachtree borer, phytophthora crown and collar rot,
walnut husk fly, degree days, spray timing, spray recommendations

August 6

Stink Bug and Cat-facing Insects
codling moth, fire blight, stink bug and cat-facing insects, degree days, spray timing, spray
recommendations

July 30

White Apple Leafhopper
white apple leafhopper, coryneum blight, greater peachtree borer, western cherry fruit fly,
degree days, spray timing, spray recommendations

July 23

Anthraxnose Canker, Apricots, Walnut Husk Fly
codling moth, pear psylla, anthracnose canker, apricots, western cherry fruit fly, walnut husk
fly, degree days, spray timing, spray recommendations

July 16

Codling Moth, Damage to Nectarines
codling moth, western flower thrips, green peach aphid, lygus bug, frost damage, degree days,
spray timing, spray recommendations

July 9

Codling Moth, Lygus Bug, California Prionus
codling moth, spider mites, lygus bug (tarnished plant bug), california prionus, degree days, spray timing, spray recommendations

July 2

Flatheaded Appletree Borer, Woolly Apple Aphid
codling moth, flatheaded appletree borer, woolly apple aphid, peach twig borer, cytospora canker, powdery mildew, degree days, spray timing, spray recommendations

June 25

Weevil, Leafroller, Iron Deficiency
codling moth, apple and pearleaf blister mites, peach twig borer, greater peachtree borer, weevil, spider mites, obliquebanded leafroller, iron deficiency, degree days, spray timing, spray recommendations

June 18

Greater Peachtree Borer, Western Cherry Fruit Fly
codling moth, San Jose scale, fire blight, peach twig borer, greater peachtree borer, western cherry fruit fly, fruitworm, degree days, spray timing, spray recommendations

June 12

Fruitworm, Aphids, Apple Scab
codling moth, fruitworm, woolly apple aphid, apple scab, peach twig borer, green peach and other leaf-curling aphids, greater peachtree borer, black cherry aphid, walnut husk fly, degree days, spray timing, spray recommendations

June 4

Leafhopper, Coryneum Blight
codling moth, white apple leafhopper, fire blight, peach twig borer, coryneum blight, western cherry fruit fly, degree days, spray timing, spray recommendations

May 28

Spider Mites, Western Cherry Fruit Fly
codling moth, apple aphid, spider mites, fire blight, apple powdery mildew, peach twig borer, western cherry fruit fly, degree days, spray timing, spray recommendations

May 23

Codling Moth, Fire Blight, Peach Twig Borer
codling moth, fire blight, peach twig borer, degree days, spray recommendations

May 14

Codling Moth, Fire Blight

codling moth, pear psylla, fire blight, cat-facing insects, coryneum blight, degree days, spray materials

May 7

Alternate Bearing Apples

bud stages, codling moth, rosy apple aphid, campylocoma, fire blight, powdery mildew, western flower thrips, green peach aphid, alternate bearing apples, degree days, spray recommendations

April 30

Codling Moth

codling moth, degree days, spray recommendations

April 23

Frost Damage

campylocoma bug, green peach aphid, codling moth, frost damage, spray recommendations

April 16

Mating Disruption

green fruitworm, apple aphids, peach twig borer, bud stages, degree days, using mating disruption, spray schedules

April 9

Effect of Water pH on Pesticides

bud stages, San Jose scale, pest monitoring, degree days, effect of pH on pesticides, spray recommendations

April 2

Using Apogee for Fire Blight

dormant sprays, bud phenology, coryneum blight, using Apogee to suppress fire blight shoot infections, spray materials

March 26

Dormant Sprays, Bud Stages

bud stages, dormant sprays, degree days, using pheromone traps, spray materials

March 19

Pesticide Updates, Monitoring Toolkit

approaching time for dormant oil spray, fire blight information, monitoring toolkit, pesticide update
