

## Peach Twig Borer, First, Second, and Third Generations

The first column that says “Keep Fruit Protected Up To” is the end of the first generation egg hatch. Between the date in this column, and the date in the column, “Start Date Range” for Second Generation, there is no need to do anything.

For the second generation, apply two cover sprays where damage was bad last year (starting at the earlier date). Otherwise, for locations with minimal damage, apply one cover spray at the later date in that range.

County	Location	First Gen.	Second Generation		Third Gen.
		Keep Fruit Protected Up To:	Spray Date Range	Keep Fruit Protected Up To:	Spray Date Range
<b>Box Elder</b>	Perry	July 4	July 19 - 23	August 15	unknown
